

SHUBHAM KUMAR

ASPIRING FULL STACK JAVA DEVELOPER

India | shubhamkashyap5432@gmail.com | +91-9027431343 | linkedin.com/in/shubham-kashyap | github.com/EliteCoding543

CAREER OBJECTIVE

Motivated and detail-oriented aspiring Full Stack Java Developer with hands-on experience building responsive web applications using Java, React.js, and modern JavaScript. Skilled in object-oriented programming, REST API integration, and UI development with Tailwind CSS. Quick learner with a strong foundation in data structures and algorithms, committed to writing clean, efficient code and continuously expanding technical expertise. Seeking an entry-level Software Engineer / Java Developer role to contribute to real-world projects and grow as a professional developer.

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Tailwind CSS

Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (Beginner), REST APIs

Tools & Platforms: Git, GitHub, Vite, VS Code

PROJECTS

► Ecommerce Mini Project | *React.js, Tailwind CSS, DummyJSON API*

- Developed a full-featured ecommerce web application with product listing, shopping cart, and dynamic order summary, improving product browsing experience.
- Implemented add/remove item and quantity management features using React state management, ensuring real-time cart updates.
- Designed a fully responsive UI with Tailwind CSS, ensuring consistent performance across mobile, tablet, and desktop screens.
- Integrated the DummyJSON REST API to fetch and render live product data dynamically.

► Todo App | *React.js, Tailwind CSS*

- Built a task management application enabling users to add, update, and delete tasks through an intuitive interface.
- Designed a clean, responsive UI with Tailwind CSS to deliver a seamless experience across all device sizes.

► Calculator App | *React.js*

- Created a fully functional calculator supporting core arithmetic operations with accurate real-time computation.
- Built a responsive, user-friendly interface with React components for smooth interaction across devices.

EDUCATION

Master of Computer Applications (MCA)

FIT Engineering College, Meerut, India — 2026 – Pursuing

Bachelor of Computer Applications (BCA)

SD College of Management Studies, India — 2022 – 2025

ACHIEVEMENTS

- Consistently self-studying Java and React.js, applying concepts through independent, real-world projects.
- Built and deployed multiple frontend projects, demonstrating strong initiative and practical coding skills.
- Demonstrated strong problem-solving ability and a keen interest in software development best practices.
